List of Programs

On this page, review the list of teacher preparation programs offered by your institution of higher education (IHE) or organization. If you submitted an IPRC last year, this list of programs is pre-loaded from your prior year's report. If your IHE offers both traditional and alternative programs, be sure to enter the programs in the appropriate reports. For the traditional report, list all traditional programs within the IHE. For the alternative report, list all alternative programs within the IHE. You may edit, delete, and insert new rows as necessary.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page. The system will automatically total the number of programs for you.

THIS PAGE INCLUDES:

>> Program Information

Program Information

List each teacher preparation program included in your alternative, ihe-based route. Indicate if your program or programs participate in a Teacher Quality Partnership Grant awarded by the U.S. Department of Education as described at https://www2.ed.gov/programs/tqpartnership/awards.html.

Teacher Preparation Programs	Teacher Quality Partnership Grant Member?	Update
Certification-Only Program - Agriculture Education (Grades 6-12)	No	
Certification-Only Program - Music Education (Grades K-12) in Instrumental	No	
Certification-Only Program - Music Education (Grades K-12) in Vocal	No	
MAT Elementary Education (Grades 1-5)	No	
MAT Secondary Education (Grades 6-12) - Concentration: Biology	No	
MAT Secondary Education (Grades 6-12) - Concentration: Chemistry	No	
MAT Secondary Education (Grades 6-12) - Concentration: English	No	
MAT Secondary Education (Grades 6-12) - Concentration: Mathematics	No	
MAT Secondary Education (Grades 6-12) - Concentration: Physics	No	
MAT Secondary Education (Grades 6-12) - Concentration: Social Studies	No	

Teacher Preparation Programs	Teacher Quality Partnership Grant Member?	Update
MNS Master of Natural Science - Concentration: Biology Education (Grades 6-12)	Yes	
MNS Master of Natural Science - Concentration: Chemistry Education (Grades 6-12)	Yes	
MNS Master of Natural Science - Concentration: Mathematics Education (Grades 6-12)	Yes	
MNS Master of Natural Science - Concentration: Physics Education (Grades 6-12)	Yes	

Total number of teacher preparation programs: 14

Program Requirements

On this page, review and enter information about the program requirements for admission into the program, program completion, and supervised clinical experience. If you submitted an IPRC last year, much of this page is pre-loaded from your prior year's report. If your IHE offers both traditional and alternative programs, be sure to specify the requirements in the appropriate reports. For the traditional report, provide the requirements for traditional programs within the IHE. For the alternative report, provide the requirements for the alternative programs within the IHE.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

THIS PAGE INCLUDES:

- >> Admissions
- >> Undergraduate Requirements
- >> Postgraduate Requirements
- >> Supervised Clinical Experience

Admissions

1. Indicate when students are formally admitted into your initial teacher certification program:

Postgraduate

▼

If Other, please specify:

varies by program - see below

- 2. Does your initial teacher certification program conditionally admit students?
 - Yes
 - No
- 3. Provide a link to your website where additional information about admissions requirements can be found:

www.lsu.edu/chse

4. Please provide any additional information about or exceptions to the admissions information provided above:

Candidates admitted to the five-year elementary MAT (Elementary Holmes Program) route apply for the junior-year cohort and at the same time declare an academic concentration (the equivalent of a college minor). Admission is selective. In addition to minimum ACT composite of 22 or SAT composite of 1030 or Praxis I passing scores as determined by the Louisiana Department of Education/Board of Elementary and Secondary Education, requirements for formal admission to the undergraduate junior-year cohort include an application and minimum 2.75 cumulative and LSU gpa on all college-level course work. Admission to the graduate year of the program requires an application, including essay and letters of recommendation; a minimum gpa of 3.0 in all undergraduate and graduate course work; completion of all undergraduate professional education courses and other courses as required for certification with no grade lower than a "C"; acceptable scores on GRE; passing scores on state-required PRAXIS II tests (PLT, content specialty); and admission to the LSU Graduate School. Admission requirements for the selective fifth year MAT secondary grades program (Secondary Holmes Program) in English, mathematics, sciences, and social studies and the Master of Natural Science (MNS) secondary grades program in mathematics and sciences (CART Program) include acceptable scores on the GRE; completion of all undergraduate and graduate course work with a program-prescribed minimum gpa (Holmes 3.0; CART 2.5); minimum ACT composite of 22 or SAT composite of 1030 or passing scores as determined by the Louisiana Department of Education/Board of Elementary and Secondary Education on the PRAXIS I assessments and on the appropriate PRAXIS II subject area/specialty test(s); application documents, including essay and letters of recommendation; and admission to the LSU Graduate School.

6. Please provide any additional information about the information provided above:

Supervised Clinical Experience

Provide the following information about supervised clinical experience in 2014-15. (§205(a)(1)(C)(iii), §205(a)(1)(C)(iv))

Additional guidance on reporting supervised clinical experience and nonclinical coursework.

Average number of clock hours of supervised clinical experience required prior to student teaching	180
Average number of clock hours required for student teaching	780
Average number of clock hours required for mentoring/induction support	0
Number of full-time equivalent faculty supervising clinical experience during this academic year	2
Number of adjunct faculty supervising clinical experience during this academic year (IHE and PreK-12 staff)	89
Number of students in supervised clinical experience during this academic year	60

Please provide any additional information about or descriptions of the supervised clinical experiences:

Per emails from Westat to the State Title II Coordinator, the numbers of full-time and adjunct faculty represent head counts per academic year regardless of number of student teachers, number of credit hours, percent work effort, or contracted load. Similarly, from the same email, the number of adjunct faculty includes IHE supervisors (4) and PreK-12 classroom teachers serving as cooperating/mentor teachers (85). Alternate programs at LSU A&M require students to complete student teaching rather than internships. Thus, the number zero continues to appear in the mentoring/induction support category.

Enrollment

On this page, enter the number of candidates for an initial teaching credential who are enrolled in the initial teacher preparation programs within your institution of higher education (IHE) or organization. **Do not** report on the total number of students enrolled in the entire IHE. **Do not** include individuals who currently hold a teaching credential and are seeking additional licenses or endorsements, or individuals preparing for school-based careers other than classroom teachers (e.g., administrators, guidance counselors).

The Department recognizes that in many cases, candidates voluntarily report their race/ethnicity and gender data, and that in some cases, candidates may choose not to report this information. Please report on the race/ethnicity data you have available, though the data may not be complete. It is not expected that the sum of the enrolled students reported by race/ethnicity or by gender will necessarily equal the total number of students enrolled.

If your IHE offers both traditional and alternative programs, be sure to enter the candidates enrolled in the appropriate reports. For the traditional report, provide only the candidates enrolled in traditional programs within the IHE. For the alternative report, provide only the candidates enrolled in the alternative programs within the IHE.

After entering the enrollment data, save the page using the floating save box at the bottom of the page.

Enrollment

For the purpose of Title II reporting, an enrolled student is defined as a student who has been admitted to a teacher preparation program, but who has not completed the program during the academic year being reported. An individual who completed the program during the academic year being reported is counted as a program completer and *not* an enrolled student.

Additional guidance on reporting race and ethnicity data.

Total number of students enrolled in 2014-15	30
Unduplicated number of males enrolled in 2014-15	7
Unduplicated number of females enrolled in 2014-15	23

Provide the number of students in the teacher preparation program in the following categories. Note that you must report on the number of students by ethnicity and race separately. Individuals who are non-Hispanic/Latino will be reported in one of the race categories. Also note that individuals can belong to one or more racial groups, so the sum of the members of each racial category may not necessarily add up to the total number of students enrolled. (§205(a)(1)(C)(ii)(H))

2014-15	Number Enrolled
Ethnicity	
Hispanic/Latino of any race	1
Race	

2014-15	Number Enrolled
American Indian or Alaska Native	0
Asian	0
Black or African American	1
Native Hawaiian or Other Pacific Islander	0
White	27
Two or more races	1

Teachers Prepared

On this page, enter the number of program completers by the subject area in which they were prepared to teach, and by their academic majors. Note that an individual can be counted in more than one academic major and subject area. For example, if an individual is prepared to teach Elementary Education and Mathematics, that individual should be counted in both subject areas. If no individuals were prepared in a particular academic major or subject area, you may leave the cell blank. Please use the "Other" category sparingly, if there is no similar subject area or academic major listed. In these cases, you should use the text box to describe the subject area(s) and/or the academic major(s) counted in the "Other" category.

If your IHE offers both traditional and alternative programs, be sure to enter the program completers in the appropriate reports. For the traditional report, provide only the program completers in traditional programs within the IHE. For the alternative report, provide only the program completers for the alternative programs within the IHE.

After entering the teachers prepared data, save the page using the floating save box at the bottom of the page.

THIS PAGE INCLUDES:

- >> Teachers Prepared by Subject Area
- >> Teachers Prepared by Academic Major

Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2014-15. For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. (§205(b)(1)(H))

Additional guidance on reporting teachers prepared by subject area.

What are CIP Codes?

No teachers prepared in academic year 2014-15

Teachers Prepared by Academic Major

Please provide the number of teachers prepared by academic major for academic year 2014-15. For the purposes of this section, number prepared means the number of program completers. "Academic major" refers to the actual major(s) declared by the program completer. An individual can be counted in more than one academic major. If no individuals were prepared in a particular academic major, please leave that cell blank. (§205(b)(1)(H))

Please note that the list of majors includes several "Teacher Education" majors, as well as several noneducation majors. Please use care in entering your majors to ensure education-specific majors and non-education majors are counted correctly. For example, if an individual majored in Chemistry, that individual should be counted in the "Chemistry" academic major category rather than the "Teacher Education—Chemistry" category.

Additional guidance on reporting teachers prepared by academic major.

What are CIP Codes?

No teachers prepared in academic year 2014-15

CIP Code	Academic Major	Number Prepared

SECTION I: PROGRAM INFORMATION

Program Completers

On this page, enter the total number of individuals who completed the program in AY 2014-15 and the two prior academic years. If you submitted an IPRC last year, the number of program completers for the two prior academic years are pre-loaded from your prior year's report.

A program completer is a person who has met all the requirements of a state-approved teacher preparation program. Program completers include all those who are documented as having met such requirements. Documentation may take the form of a degree, institutional certificate, program credential, transcript or other written proof of having met the program's requirements. In applying this definition, the fact that an individual has or has not been recommended to the state for initial certification or licensure may not be used as a criterion for determining who is a program completer.

An individual cannot be classified as both enrolled and as a program completer at the same time. An enrolled individual is not a program completer. Once an individual has met all the requirements of a state-approved teacher preparation program and becomes a program completer, the individual is no longer classified as enrolled.

After entering the program completers, save the page using the floating save box at the bottom of the page.

THIS	PAGE INCLUDES:		
>> <u>P</u>	rogram Completers		

Program Completers

Provide the total number of teacher preparation program completers in each of the following academic years.

2014-15	60
2013-14	56
2012-13	83

Annual Goals

On this page, review the annual goals in each subject area listed below. If you submitted an IPRC last year, the goals you entered last year are pre-loaded from your prior year's report. Please respond to the questions to report on progress towards the goals, and set new goals for the next academic year.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

THIS PAGE INCLUDES:

- >> Annual Goals Mathematics
- >> Annual Goals Science
- >> Annual Goals Special Education
- Annual Goals Instruction of Limited English Proficient Students
- >> Assurances

Annual Goals - Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route to state credential program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. (§205(a)(1)(A)(iii), §206(a))

Information about teacher shortage areas can be found at https://www2.ed.gov/about/offices/list/ope/pol/tsa.html.

Please provide the information below about your program's goals to increase the number of prospective teachers in mathematics in each of three academic years.

Academic year 2014-15

- 1. Did your program prepare teachers in mathematics in 2014-15?
 - Yes

1

- No (leave remaining questions for year blank)
- 2. How many prospective teachers did your program plan to add in mathematics in 2014-15?

3. Did your program meet the goal for prospective teachers set in mathematics in 2014-15?

- Yes
- No
- Not applicable
- 4. Description of strategies used to achieve goal, if applicable:

We continue to participate in university-wide recruitment efforts and events; contact prospective candidates at area universities; and advertise via email, news media, and social media.

5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

We are increasing advertisement among graduating seniors at area universities and within our own institution.

6. Provide any additional comments, exceptions and explanations below:

We are aiming for an approximate increase of 10% each year.

Academic year 2015-16

7. Is your program preparing teachers in mathematics in 2015-16?

Yes

No (leave remaining questions for year blank)

8. How many prospective teachers did your program plan to add in mathematics in 2015-16?

1

9. Provide any additional comments, exceptions and explanations below:

One of the alternate programs completed its last cohort in summer 2015. Thus, we may see a decrease in the number of mathematics education students in the future.

Academic year 2016-17

10. Will your program prepare teachers in mathematics in 2016-17?

Yes

No (leave remaining questions for year blank)

11. How many prospective teachers does your program plan to add in mathematics in 2016-17?

0

12. Provide any additional comments, exceptions and explanations below:

With the termination of the MNS program, we may see a decrease in the number of mathematics education students in 2016-17.

Annual Goals - Science

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route to state credential program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. (§205(a)(1)(A)(iii), §206(a))

Information about teacher shortage areas can be found at https://www2.ed.gov/about/offices/list/ope/pol/tsa.html.

Please provide the information below about your program's goals to increase the number of prospective teachers in science in each of three academic years.

6. Provide any additional comments, exceptions and explanations below:
Academic year 2015-16
7. Is your program preparing teachers in special education in 2015-16? Yes No (leave remaining questions for year blank)

- 8. How many prospective teachers did your program plan to add in special education in 2015-16?
- 9. Provide any additional comments, exceptions and explanations below:

Academic year 2016-17
10. Will your program prepare teachers in special education in 2016-17?
Yes No (leave remaining questions for year blank)
11. How many prospective teachers does your program plan to add in special education in 2016-17?
12. Provide any additional comments, exceptions and explanations below:
Annual Goals - Instruction of Limited English Proficient Students
Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route to state credential program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students (§205(a)(1)(A)(ii), §206(a))
Information about teacher shortage areas can be found at https://www2.ed.gov/about/offices/list/ope/pol/tsa.html .
Please provide the information below about your program's goals to increase the number of prospective teachers in instruction of limited English proficient students in each of three academic years.
Academic year 2014-15
1. Did your program prepare teachers in instruction of limited English proficient students in 2014-15?
Yes No (leave remaining questions for year blank)
2. How many prospective teachers did your program plan to add in instruction of limited English proficient students in 2014-15?
3. Did your program meet the goal for prospective teachers set in instruction of limited English proficient students in 2014-15? Yes No No Not applicable
4. Description of strategies used to achieve goal, if applicable:
5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

6. Provide any additional comments, exceptions and explanations below:

7. Is your program preparing teachers in instruction of limited English proficient students in 2015-16?
Yes No (leave remaining questions for year blank)
8. How many prospective teachers did your program plan to add in instruction of limited English proficient students in 2015-16?
9. Provide any additional comments, exceptions and explanations below:
Academic year 2016-17
10. Will your program prepare teachers in instruction of limited English proficient students in 2016-17?
Yes No (leave remaining questions for year blank)
11. How many prospective teachers does your program plan to add in instruction of limited English proficient students in 2016-17?
12. Provide any additional comments, exceptions and explanations below:

Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom. • Yes No 3. Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subjects. Yes No

Academic year 2015-16

No

 7. Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable. Yes No
8. Describe your institution's most successful strategies in meeting the assurances listed above:
The assurances above are integrated throughout each program through various courses, related field experiences, and student teaching. Each program requires early, continuous, sequential, developmental field experiences in addition to student teaching practicum experiences ranging from one to two semesters. LSU draws upon a long history of collaboration with P-12 school partners in providing content-rich, heavily field-based initial teacher education programs. The university is surrounded by diverse public school systemsfrom inner city to rural to suburban. These school sites reflect student diversity in terms of race, socioeconomic status, and ability (e.g., high percentages of minority enrollment, high poverty, high percentages of students with special needs). Teacher candidates are thus provided multiple opportunities to develop and demonstrate the knowledge and skills underlying these assurances.

5. Prospective general education teachers are prepared to provide instruction to limited English proficient students.

6. Prospective general education teachers are prepared to provide instruction to students from low-income families.

• Yes No

Assessment Pass Rates

The pass rates table is populated from files provided by the testing company or state. The table provides information on the performance of the students in your teacher preparation program on each teacher credential assessment used by your state. In cases where a student has taken a given assessment more than once, the highest score on that test is used. In the case of a teacher preparation program with fewer than 10 scores reported on any single initial teacher credential assessment during an academic year, the program shall collect and publish information with respect to an average pass rate and scaled score on each state credential assessment taken over a three-year period. (§205(a)(1)(B))

Please note that this page does not have an edit feature as the pass rates have already been through several rounds of verification. If you identify an error, please contact Westat's Title II Support Center and your testing company representative.

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

All program completers, 2012-13	83	83	100

SECTION IV: LOW-PERFORMING

Low-Performing

On this page, review the questions regarding your program's approval/accreditation and whether your program has been designated as low performing by the state. If you submitted an IPRC last year, this section is pre-loaded from your prior year's report; please review and update as necessary.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

THIS PAGE INCLUDES:		

Low-Performing

Provide the following information about the approval or accreditation of your teacher preparation program. (§205(a)(1)(D), §205(a)(1)(E))

1.	ls your tea	acher prepar	ation program	currently	approved	or accredited?
----	-------------	--------------	---------------	-----------	----------	----------------

Yes

No

If yes, please specify the organization(s) that approved or accredited your program:

✓ State

✓ NCATE

TEAC

CAEP

✓ Other specify:

SACS regional accreditation

2. Is your teacher preparation program currently under a designation as "low-performing" by the state (as per section 207(a) of the HEA of 2008)?

Yes

No

SECTION V: USE OF TECHNOLOGY

Use of Technology

On this page, review the questions regarding your program's use of technology. If you submitted an IPRC last year, this section is pre-loaded from your prior year's report; please review and update as necessary.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

THIS PAGE INCLUDES:	
>> <u>Use of Technology</u>	

Use of Technology

1.	Provide the following information about the use of technology in your teacher preparation program. Please note that choosing	'yes' indicates that
	your teacher preparation program would be able to provide evidence upon request. (§205(a)(1)(F))	

Does your program prepare teachers to:

- a. integrate technology effectively into curricula and instruction
 - Ye
 - No
- b. use technology effectively to collect data to improve teaching and learning
 - Yes
 - No
- c. use technology effectively to manage data to improve teaching and learning
 - Yes
 - No
- d. use technology effectively to analyze data to improve teaching and learning
 - Yes
 - No
- 2. Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

Initial certification programs address effective use of technology through stand-alone courses and/or technology strands interwoven throughout programs. Technology courses are aligned with related national and state standards. Programs prepare preservice teachers not only to integrate effectively technology into instruction and assessment, but also to use technology for administrative purposes and management of student records and growth. Course objectives are wide-ranging, reflective of such areas as technology skills; issues and ethical considerations involved in use of technology with diverse populations, including students with special needs; appropriate performance-based assessments; etc.

SECTION VI: TEACHER TRAINING

Teacher Training

On this page, review the questions about how your program trains general education teachers and special education teachers. For the purposes of these questions, general education teachers means those who are not specifically prepared as special education teachers. If you submitted an IPRC last year, this section is pre-loaded from your prior year's report; please review and update as necessary.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

THIS PAGE INCLUDES:		
>>	<u>Teacher Training</u>	

Teacher Training

Provide the following information about your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request. (§205(a)(1)(G))

- 1. Does your program prepare general education teachers to:
 - a. teach students with disabilities effectively
 - Yes
 - No
 - b. participate as a member of individualized education program teams
 - Yes
 - No
 - c. teach students who are limited English proficient effectively
 - Yes
 - No
- 2. Provide a description of the evidence your program uses to show that it prepares general education teachers to teach students with disabilities effectively, including training related to participation as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the Individuals with Disabilities Education Act, and to effectively teach students who are limited English proficient. Include planning activities and a timeline if any of the three elements listed above are not currently in place.

Various courses, related field experiences, and student teaching provide multiple opportunities for general education teachers to acquire the knowledge and practice the skills necessary to work with students with special needs, including participation as a member of IEP teams. The university is surrounded by diverse public school systems which reflect high percentages of students with special needs, thus providing sites in which students can refine these skills. Similarly, courses and/or field and clinical experiences address to varying degrees the teaching of students with limited English proficiency. For example, the elementary MAT (Holmes) program brings in faculty with expertise in second language acquisition to assist cohorts in developing awareness of the challenges facing LEP students and in implementing strategies for addressing their needs. Other programs will explore similar activities over the next year.

- 3. Does your program prepare special education teachers to:
 - a. teach students with disabilities effectively
 - Yes
 - No
 - Program does not prepare special education teachers

Yes No Program does not prepare special education teachers	
c. teach students who are limited English proficient effectively	
Yes No Program does not prepare special education teachers	
4. Provide a description of the evidence your program uses to show that it prepares special education teachers to teach students with effectively, including training related to participation as a member of individualized education program teams, as defined in section 6 the Individuals with Disabilities Education Act, and to effectively teach students who are limited English proficient. Include planning a timeline if any of the three elements listed above are not currently in place. NA	14(d)(1)(B) of

b. participate as a member of individualized education program teams

Contextual Information

On this page, review the contextual information about your program. If you submitted an IPRC last year, this section is pre-loaded from your prior year's report; please review and update as necessary.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

THIS PAGE INCLUDES:

>> Contextual Information

Contextual Information

Please use this space to provide any additional information that describes your teacher preparation program(s). You may also attach information to this report card (see below). The U.S. Department of Education is especially interested in any evaluation plans or interim or final reports that may be available.

1) Enrolled students were missed on the ETS website and not discovered until after the point at which corrections could be made through ETS. The number of alternate enrolled students (30) will appear corrected as completers for the next report. 2) LSU offers several different alternative certification programs which differ somewhat in requirements and structure. Thus responses in some sections to questions such as admissions requirements may reflect requirements set for larger programs. 3) The state identifies as alternative programs LSU's MAT in elementary education, MAT in secondary education, and MNS in secondary math/science. The MNS program graduated its last cohort in summer 2015.

Supporting Files

No files have been provided.

You may upload files to be included with your report card. You should only upload PDF or Microsoft Word or Excel files. These files will be listed as links in your report card. Upload files in the order that you'd like them to appear.

Report Card Certification

Please make sure your entire report card is complete and accurate before completing this section. Once your report card is certified you will not be able to edit your data.

Certification of submission
