OBJECTIVE: This course Mostly designed as an introduction to what goes on in political science. It's seeks to open doors to understanding the issues that preoccupy politics. How did political thinking emerge? How much value should we attach to imagination in today's world? Why is politics the object of so much "curse" and what is there to say in "praise" of politics?

Integrative learning is an understanding and a disposition that a student builds across the curriculum and co-curriculum, from making simple connections among ideas and experiences to synthesizing and transferring learning to new, complex situations within and beyond the campus. This course fulfills the Board of Regents area of social science/behavioral sciences and provides students experience with the ILC primary proficiency of **inquiry and analysis** and secondary proficiencies of **ethical reasoning** and **civic engagement**.

Inquiry is a systematic process of exploring issues, objects or works through the collection and analysis of evidence that results in informed conclusions or judgements. Analysis is the process of breaking complex topics or issues into parts to gain a better understanding of them. By the end of the semester, it is expected that students should come to accepts politics as a vital academic tool for everyday experience.

We remain under pandemic conditions and expect to be in this state for the entire semester. In order to consistently provide the highest quality LSU education, all students should follow current LSU guidelines. These include the following:

2. In order to protect all campus community members, the University requires everyone to wear facemasks/cloths on campus. Failure to do so is a violation of the code of student conduct.
3. Wash hands with soap and water or clean with sanitizer frequently, and refrain from touching your face.
4. If you have to cough or sneeze unexpectedly, please be mindful of others nearby and cough or sneeze into your elbow or shield yourself the best you can.
5. If you have been exposed to others who have tested positive for COVID-19, self-quarantine consistent with current [CDC guidelines](#).

Daily Symptom Checker:

You are required to respond to a daily symptom check request sent via email or text message each morning. Completing the symptom checker will take approximately one to two minutes. Additionally, if you test positive for COVID-19, you are required to report it in your daily symptom checker application.
