<i>Note: 1 for the least, 5 for the most</i>	1	2	3	4	5
<b>Preparing for the Seminar</b>					
I read the text before the seminar.					
I prepared questions of my own to ask during the seminar.					
I defined any unfamiliar words used in the text.					
<b>During the Discussion</b>					
I asked a question of my own during the seminar.					
I asked questions in response to others' questions for deeper discussion.					
I spoke loudly and clearly throughout the seminar.					
When speaking, I looked at the group or person I was addressing.					
If I was confused, I asked questions.					
I was able to communicate my ideas during the seminar.					
<b>Following the Rules of Engagement</b>					
I used non-verbal cues or waited for breaks in the conversation when I wanted to join the discussion (instead of raising my hand).					
I was understanding and respectful to the other participants.					
My comments, questions and answers were supported by facts from the text.					

1. What was the best comment, answer, or question that **you** provided during the seminar and why?
  
2. What was one comment, answer, or question that **someone else** gave that stuck with you? Who said it and why do you remember it?
  
3. Do you think **you** did a good job following the rules of engagement? Why or why not?
  
4. Do you think the **class** did a good job following the rules of engagement? Why or why not?
  
5. What was **your** favorite part of the seminar?
